

THE **W**ORKPLACE  
MONTPELLIER | TOWN CENTRE

Coworking Area, Frogmore House

# INTRODUCTION

**In 2016, The Workplace grew from the knowledge that startups and small companies in Cheltenham had no flexible place to call home.**

Like most businesses we started small...very small. We had just 9 desks above The Find cafe in Regent Street to test the waters. This soon filled and now we are lucky enough to have over 50 desks across two locations.

Our range of flexible plans puts you in control. Whether you want 1 desk for a day, or an entire office for a year – we've got you covered.

Our coworking offices are a welcome alternative if you are keen to convert from a crowded strip-lit office or from a wobbly kitchen table.

The Workplace introduces a mindful work-life balance, with high-quality facilities and ergonomically efficient furnishings to ensure members' comfort.

**“ALONE WE CAN DO  
SO LITTLE, TOGETHER  
WE CAN DO SO  
MUCH.”**
